

Water Related Jobs in Turkey

Prepared by: Verda Naz Bayrakçı

Fisherman

Fishing is one of the most important water related jobs in Turkey.

Tukey has three different coasts and fish diversity is great in the country.

In the Black Sea region the most important fish is anchovy.

From the Agean and Mediterranean sea from crabs to salmon, there are many different fish species.

As a result. Many people earn their lives by fishing in Turkey.

Ship Captain

There are 48 seaports and 21 maritime faculties in the universities of Turkey.

Therefore ship captain is an important and a prestigious job in Turkey. Sea captains are well educated and highly respected.

There are hundreds of ships coming and going to the ports of Turkey each day.

Lifeguard

There are 454 different blue flag beaches at the coastline of Turkey and it is in the 3rd place in the world. Therefore there are a lot of lifeguards in Turkey. Because of these beaches, tourism has a massive effect to the lifestyles and the economy of the country and lifeguards are critical parts of the sector.

Marine Forces

Because of the abundance of seas, Turkey has a big fleet of navy. This means there are thousands of marine soldiers in the country. The marines are well educated, well disciplined and well respected in the country.

Marine Biologist

In the seas of Turkey there are plenty of life forms observed. Therefore, as a scientific approach the marine biologists have a high importance in the protection, reservation and the analysis of the species existing in the sea.

Thank You for Listening
